Rolling Plains Cotton Growers Urging May 23 Planting Date

As the time for early planting of cotton draws near, there is much activity by community farm leaders in the 31 counties of the Rolling Plains of Texas to discuss the advantages of a uniform planting date for their particular communities. While there is some difference of opinion as to delaying planting until May 23rd, the majority of farmers are agreeing to May 23rd or later for cotton planting this year. Seventeen counties thus far have had called meetings for the purpose of selecting a uniform date for planting. The latest of these was the Tuscola community of Taylor County. Some publicity has been given to the effect that Taylor, Fisher, Scurry and other counties neighboring to Jones County had greater production increases than did Jones County last year. This has had the effect of somewhat discrediting the effect of the uniform planting period observed in Jones County. The fact remains that, although Jones County was the only county organized to plant together last year, Taylor, Fisher, Scurry and other counties were also planted delayed and uniform because of the May and early June rainfall.

The Tuscola community recognized this fact and met last Tuesday night at which meeting they agreed to plant on May 30th and after for this year. Mitchell and Fisher counties have meetings called in the near future to study the advantages for their communities.

The boll weevil control program as progressing under the leadership of the Rolling Plains Cotton Growers is highly dependent on a uniform planting date for cotton. Where all growers in a community or area plant about the same time, the total length of the boll weevil's reproductive period will be reduced to a minimum.

The second factor of importance to boll weevil control is to plant as late as is agronomically sound. This practice

denies the weevil early food and egg laying sites. Cotton planted at this time will generally make the most rapid growth, mature out and can be harvested in a short time.

It is recognized by all that weather cannot be predicted precisely. Rain will vary from one community to another and one county to another. Each community must act according to its own local conditions. But a careful study of weather data patterns for your local community can help you with your decision. Use this new tool that has just been made available to you. It may help you stay in the cotton production business.

Nazarene Church Spring Revival To Start Apr. 8

The spring revival at the Church of the Nazarene will be held April 8-17 with services each evening at 7:30 on weekdays and Sunday services at 10:45 a.m. and 7 p.m. The evangelist, Rev. Herbert Land of Austin, is a veteran of over forty years in the ministry and is now devoting full time to evangelism in the Church of the Nazarene.

A native of Texas, his father was a pioneer Nazarene pastor. He was educated in public schools in Temple, studied theology at Bethany Nazarene College, Bethany, Okla. He started his pastoral career in 1924 and served churches in Texas and Oklahoma.

He has preached for more than 100 revivals in Texas and has also evangelized in other states in the Southwest. He was ordained by the Abilene District and was commissioned as an evangelist by the same district.

Rev. Bill Morris, pastor of the Church of the Nazarene in Rotan will be the singer. The entire community is invited to attend and participate in these special pre- and post-Easter services, according to the pastor, Rev. Marshall Stewart.

No Changes Made On City Council

Bill D. Davis and Edward Gardner, aldermen, and Mayor Hollis W. Madden, were returned to their respective offices in the City election Tuesday.

School Trustees Re-elected; Write-In Fails

Three incumbents were returned to the Hamlin Board of Education in a heavy voter turnout in a no-contest race here Saturday.

Re-elected were Dr. M. L. Smith, 218; Bill Harbert, 211; J. E. McCoy, 179. Write-ins were Eddie Jay, 47; Revis Robertson, 2; and Dr. E. J. Hawkins, 2.

J. E. (Red) Brown was re-elected county trustee from Precinct 1.

A. B. Carlton was election judge. Clerks were Mrs. J. O. Murphy and Mrs. C. C. Prater. 225 votes were cast.

PRE-SCHOOL VISITATION DAY PLANNED HERE THURSDAY, APR. 14

A pre-school visitation day for the Hamlin School District has been set for Thursday, Apr. 14, according to school officials.

All children who will be in the first grade next year are invited to visit the primary school from 8:30 to 1:00, along with their mothers.

The children will need to bring 30 cents to eat in the school cafeteria, according to Mrs. Fred Smith, primary school principal. They will also need to bring their birth

certificates in order to register for the coming year.

A short program will be conducted in the cafeteria by Mrs. Harold Johnson, president of the Parent-Teachers Association. A musical number, "Spring Holiday", will be presented by second grade pupils under the direction of Mrs. Willard Maberry, public music teacher.

Mrs. Wallace, school nurse, will hold the pre-school clinic at the Primary Cafeteria at 1:00 the same day. Dr. E. D. Perrin will be there for physical checks and Dr. J. E. Harrison, D.D.S., will examine each child's teeth. Mrs. Wallace states all children who need Smallpox vaccinations will be given them at this time.

The P.T.A. members will assist the school personnel in the registration and the pre-school clinic.

Although a good number of the choice forms have been mailed in, there are still some that need to be returned.

Superintendent C. F. Cook said that all forms had to be returned. A choice form for every student attending Hamlin schools has to be on file. Extra copies are available at the superintendent's office.

Three Attend Reading Meeting

Three Hamlin Primary School teachers attended a reading conference held at Midwestern University in Wichita Falls Saturday, Apr. 2. Dr. William D. Shelton, director of the Reading Laboratory of Syracuse University, Syracuse, New York, gave the morning address on "Remedial Reading and the Regular Classroom Teacher." He was also the featured speaker at the luncheon.

Dr. Evelyn Thompson, of the University of Houston spoke at the elementary teachers sectional meeting.

Attending from here were: Mrs. C. E. Connally, Mrs. Joe Norton and Mrs. Leldon Clifton.

Mr. and Mrs. Don Shivers, Lannie and Keith of Unis, N. M. and Mike Shivers of Baylor will be in the home of Mr. and Mrs. L. W. Shivers for Easter.

Connally Ford To E. Lake Drive

Connally Ford Sales early this week completed the move into a new location at 47 East Lake Drive.

The new location will offer greater accessibility to the motor company's customers on the corner of East Lake Drive and Southeast Ave. A, according to the owner, Charles Connally.

Why Our Schools Need More Room

By BOB CRAIG

The Hamlin Independent School Board Trustees have been studying for several months ways to provide additional space for the local school system and named a citizen's advisory committee to aid them in coming up with the answer.

Mrs. Bill Early New Jaycee-ette President Here

Mrs. Bill Early was elected president of the Hamlin Jaycee-ettes at the Tuesday evening meeting in the home of Mrs. James Harrison.

Other officers include Mrs. Johnny Jeffries, vice president; Mrs. Muri Don Smith, secretary; Mrs. Horton Brandon, treasurer; Mrs. Herbert Lakey, reporter; Mrs. C. R. Franklin, parliamentarian; Mrs. Bill Chapman, historian; Mrs. Joe Ford, state director. Appointed as chapter directors were Mrs. Dewey Nunley and Mrs. Guy Weaver.

Installation of officers will be held jointly with the Jaycees Monday, May 9, at J's Cafe.

The members also voted to change the meeting time to the second Monday of each month rather than the first Tuesday.

The question probably in the minds of most of the people within the district is why does the school need so much additional space since the enrollment has not changed one way or the other in the past ten years.

In the first eight grades the principle needs are eight additional rooms — one for each grade. This need was brought on for the most part by integration. The influx of students from DePriest has been enough to cause the need for four classes per grade where these grades have been operating with three classes plus the class at DePriest.

This causes no additional classes in the system but it does mean additional classes in the primary, elementary and Junior high buildings.

Other needs in the first eight grades include three utility rooms — one for each of the three buildings — for work rooms and for the use of visual aids. Also needed under the requirements of the State is a junior high science laboratory and a central library for the use of all eight grades.

In the high school the needs include a science laboratory and additional rooms for teaching regular classes.

A look at the report prepared by the school officials

and submitted to the School Board and to the citizens committee shows the following needs and causes:

The Texas Education Agency requires a central library for junior high use with a qualified librarian.

The science program in grades seven and eight are substandard due to lack of a laboratory.

Primary and elementary schools have never had an empty room that could be used as a music room, room for visual aids, work room or library.

Book rooms are inadequate in the primary and elementary with fifth grade books kept in the junior high bookroom.

In the high school, one laboratory serves students in general science, biology, chemistry and physics with inadequate facilities.

Two temporary classrooms and a study hall have been constructed in the old gymnasium at high school.

Because of this, the facilities for a good physical education program are lacking.

Several teachers in high school do not have a room assigned to them, they meet classes in whatever room is available.

Playground space is inadequate at both primary and elementary.

Dressing room facilities for girls at junior high school is also inadequate.

The most surprising information to come out of the report is the fact that the

huge high school building has only seven regular classrooms in it. This does not include the homemaking department, the science department or the typing room. But this does have to take care of all of the English, history, mathematics and other such subjects. This is the reason that the two classrooms were added in the old gym. This is also the reason that several teachers have to go from room to room.

Basically the needs of the system are space, although the junior high building is in worse shape than any of the four buildings being used by the school.

In conclusion it would seem that the main reasons for the need for additional space are integration and the need to bring the system up to current educational standards.

Next week this column will look at the different possibilities being explored by the board to solve this urgent need.

Attend Conference

Mrs. Fred Smith and Miss Odean Murphree attended the Elementary Principals and Supervisors Association Spring Conference in San Antonio Mar. 30 through April 1.

Omar Burleson Seeks Re-election To Congress from 17th District

Omar Burleson, veteran Congressman from the 17th District, today pledged a vigorous, active campaign for the Democratic Primary nomination for re-election.

In announcing his plans to seek re-election, Burleson stated he will base his campaign on his record of nearly 20 years service in Congress. "In that time, I have never been a 'yes man' to anyone or any group, but have fulfilled my responsibility to vote on each issue for what I thought was in the best interest of our Country, our State, and our District; people have the right to expect no less," Burleson said.

Burleson is among the senior members of the U. S. House of Representatives in point of service.

His seniority has carried him to the Chairmanship of the potent House Administration Committee, and to the second position of the Chairman on the powerful House Foreign Affairs Committee. In addition, Burleson serves on two important Joint Committees formed from senior members of the House and Senate, as Chairman of one and Vice-Chairman of the other.

"In all my years in Congress," Burleson said, "I have

BILLY ACKLIN
... In submarine service

Billy Acklin Now On Nuclear Sub

Yeoman Third Class Billy C. Acklin, USN, 21, son of Mr. and Mrs. Ike D. Acklin, 628 N. E. Ave. A. and husband of the former Miss Brenda A. Renfro, 244 S. W. Ave. E., is now serving with the Blue Crew of the nuclear-powered fleet ballistic missile submarine USS Thomas E. Edison, operating out of Holy Loch, Scotland.

Ballistic missile submarines maintain two separate crews. One crew takes the submarine on patrol, while the other crew remains ashore for additional training, and time at home with their families.

The atomic submarines are on constant patrols beneath the seas providing mobile launching pads for missiles capable of traveling more than 1,500 miles. The submarine carries 16 missiles whose targets have been designated in the event of an enemy attack.

Billy has been on active duty for about one year of his six-year enlistment. He was first stationed at San Diego, Calif. Then he transferred to New London, Conn., for schooling in the submarine service. Out of 180 men in his class, he finished with the third highest grade.

During the two months under water he can only receive (and not send) messages.

Mrs. Acklin is making her home in Hamlin at 100 N. E. First Street. They have two children, Christi, 2, and Tammy, 4 months.

BIRTH

Mr. and Mrs. Jerry Mae Stevenson are parents of a girl, Stacy Jo, born Apr. 3 at 7:44 p.m. She weighed 8 lbs. 12 oz.

Boy, What a Week! This was what the Juniors and Seniors were saying last week as we worked on the play. The gym was an odd sight, in every corner a Junior or Senior was busy doing something. Some even tried memorizing their parts in the play. Saturday was the big day. The curtains opened that evening for two hours of enjoyment for the folks attending. Even though it would be hard to get us to admit, we even had fun.

The Junior High students took a field trip Friday to visit the Health Fair in Abilene. According to the reports everyone had a great time and even learned a few things, including the mothers and teachers who went along.

Monday, things were getting back to normal. We Juniors and Seniors are kind of hard to control as we mark off the remaining days til the trip. Few of us have to be reminded Thursday is the day we take off to Houston and wherever else our money will take us. Don't be alarmed if

Farm Bureau to View Candidates

W. N. West, president of Jones County Farm Bureau, announced this week the final plans for a "Measure-the-candidate" program to be sponsored by Taylor County Farm Bureau on April 15, and aired over KDWT of Stamford, KBST of Big Spring, KRBC of Abilene, and KDWD of Brownwood. The meeting will begin at 7:30 at the Abilene Auction and will be broadcast from 8:00 to 9:00 p.m.

Candidates who have indicated they will be present to

participate in the meeting include: Congressman Omar Burleson of Anson and Eldon Mahon of Abilene, candidates for the 17th Congressional District seat, and Representative Roy Arledge of Stamford and Frank Calhoun, of Abilene, candidates for the 62nd Representative District.

Each candidate will be given an opportunity to state his position, or opinion, on a number of issues on which Farm Bureau has adopted policies. The candidates will be asked their positions concerning some of these issues: compensatory payments, apportionment,

compulsory unionism, minimum wages, animal health, Farm-to-Market roads, taxes compulsory check-off, and firearms.

West emphasized that Farm Bureau does not endorse any candidate for any political office. The meeting is being held only for the purpose of permitting Farm Bureau members to learn more about all the candidates. The county Farm Bureau president said that strict ground rules would govern the conduct of the meeting to avoid discriminating against any candidate.

Mr. and Mrs. Oren Baldree and girls, Rita Ann, Susan and Marcia, Mr. and Mrs. Henry Schmidt and Paul, Mr. and Mrs. Werner Teichelman, Mrs. Hilda Koch, Mr. and Mrs. August Angerman and Frank Lowack attended a 42 party in the home of Mr. and Mrs. W. H. Vahlenkamp on Monday night of last week.

Mrs. Lena Erdman and Mr.

and Mrs. Martin Wende of Cisco were here to attend the funeral of Mrs. Erdman's sister, Mrs. Emil Wolsch on Sunday, Mar. 27.

Old Glory Seniors will sponsor a Box Supper in the School Cafeteria Thursday Evening, Apr. 7, at 7. Everyone is invited to attend. Prize to the lady with the prettiest box will be a free beauty appointment.

The Vahlenkamp children and their families enjoyed a Bar-B-Que dinner, Easter egg hunt and volleyball at the Haskell Park Sunday. Those attending were Mr. and Mrs. Oren Baldree and children, Mike, Rita, Susan and Marcene, Mr. and Mrs. Herbert Vahlenkamp and Marvin, Mr. and Mrs. Eugene Vahlenkamp, Doug, Carmella and Celina, Mr. and Mrs. Virgil Vahlenkamp, Brenda, Bud and Charles from Abilene, Mr. and Mrs. Lewis Corzine, Diane and Keith, from Stamford and Mr. and Mrs. Curtis Weise, Peggy and Dwain.

Guests in the home of Mr. and Mrs. Lynn Flowers for lunch Sunday were Mr. and Mrs. Albert Kleppe and their three children of Abilene. Others who came in the afternoon were Mr. and Mrs. Kenneth Good and their four children of Lueders. Mr. Good was reared in this area and his parents, Mr. and Mrs. Clifton Good lived here many years.

Mr. and Mrs. C. A. Agnew of Cisco and Mrs. Barbara Winkle of Lancaster, Calif., are here to be with their mother, Mrs. Kate Hart at Stamford Memorial Hospital. Also a son, Jack Hart and his wife of Mingus are here.

Impact
on others

The carpenter knows that there is a proper way to hold the hammer, and that the nail must be hit from the right direction or the nail will bend. As children of God we need to make the right impact on others. When we attend church we learn how to treat others, and at the same time are setting an example for others. If we remain straight as a well hit nail, then others are less likely to bend. "For I have given you an example, that ye should do as I have done to you."

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
This Monday morning dawned with another cool, dry norther, which blew in Sunday morning. All we have received in weather changes have been dry northers and when they start coming, we just do not get any rain, but we are still looking and hoping.

Our sick folks are all improving. Mr. Holmes still has another week of "chair rest," but is doing good and hopes to be up and around soon. The doctors in Temple advised bed rest, but his local doctor knowing how a farmer hates to stay in bed, gave him permission to use his reclining chair, provided he would stay in it.

It would sound like a roll call of the whole community to name all of the visitors that the Holmes have had since last Sunday, so will just report that they have had lots of company and they wish to say that they have appreciated every one of them. It makes the long hours go faster, when you know that your friends are thinking of you when you are ill. We all hope that he will soon be out again, feeling much better.

Mrs. Holmes went to Sunday School Sunday morning, leaving Mr. Holmes long enough to teach her class. Was so good to have her back again after being absent two Sundays.

Rev. R. M. Babb, of Sylvester, preached at both services Sunday. He was accompanied by his wife and they took lunch with the Winsons Grays. It seems that the Grays and Babb are almost kin, some of their kindfollks married, and they had become acquainted with each other at family reunions in the past. Mrs. Babb is the news correspondent from Sylvester, for the paper.

We were all sorry to learn yesterday that our former pastor's wife, Mrs. Kenneth Leverett is in the hospital with a case of flu.

The Leveretts moved Saturday, from Hamlin to the parsonage at Sylvester. The men of the church moved them, but one of our men, H. L. Ford, helped also.

Last Monday, Sonny Joiner, spent a few hours and ate lunch with his brother, Mr. and Mrs. Elmer Joiner. He was enroute home to San Antonio, from Lubbock, where he had visited with his sister, Mr. and Mrs. Henry Kee.

Mr. and Mrs. Henry Kee were weekend visitors of the Elmer Joiners. Mrs. Kee made her first trip since her recent surgery, she is doing good, although will take a while yet

for all complications to clear up.

Mrs. Jack Wright and children came over Friday and spent the day with her parents, the Flavil Holmes.

Mr. and Mrs. Roy Watts, Mr. and Mrs. Fred Rosenbaum and Mr. and Mrs. Winslow Gray all attended the singing at Anson, Sunday afternoon. They reported that they had a good singing, which they always do.

The H. L. Fords, Fred Rosenbaums and Joe Fords, were talking Sunday about the big time they had Saturday night at the H. L. Fords playing 42. The farmers have to take out sometimes for relaxation and what better way than get together for some 42 games.

The church set Wednesday night to meet and have a business meeting, since we have not had one recently, also to discuss trying to call a pastor. We have enjoyed having and hearing so many different preachers, has been almost like having a weekend revival every Sunday, but a church needs a pastor and we have been without long enough. It is time to stop and consider trying to get some of the men we have had come before us and we have had some good ones. As far as we are concerned we might take any of them, but the thing is would they come to us? This is what we have to find out in our service Wednesday night.

Eleven Jones Co. HD Women Attend District Meeting

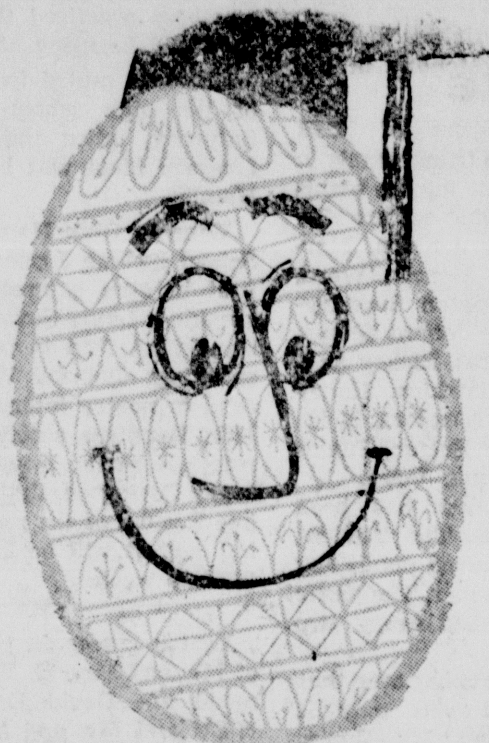

Eleven Jones County home demonstration women attended the District III Texas Home Demonstration Association Annual Spring Meeting at Breckenridge.

The theme "Lighting the Way for Tomorrow" was used in the day's program. Mrs. H. H. Dunklin, Jones county THDA chairman served as chairman of the election committee.

An invitation was extended for the Annual Spring District Meeting to be held in Jones County in 1967.

The state THDA meeting will be held on Sept. 20-22 at Corpus Christi. Three Jones County delegates to attend that meeting will be elected in July.

The women attending from Jones county were Mrs. Dunklin, Ethel Rowell, Mrs. H. A. Haynes, Mrs. C. L. Moritz, Mrs. Maxey Harvey, Mrs. Charlie Myatt, Mrs. C. R. Foster, Miss Louise Hudson, Mrs. Ted Hudson, Mrs. Vernon Hudson and Mary Y. Newberry, Jones County home demonstration agent.

NOTICE
ATTENTION: THE DUMPING OF DEAD ANIMALS, SUCH AS HORSES, MULES, CATTLE, SHEEP, GOATS AND HOGS AT THE CITY DUMP GROUND IS PROHIBITED. SUCH DUMPING HAS CAUSED MUCH COMPLAINT AND NOTICE IS HEREBY GIVEN THAT ALL LIVESTOCK SHOULD BE DISPOSED OF IN A MANNER TO ELIMINATE SUCH UNSANITARY CONDITIONS. CITY COUNCIL, HAMLIN, TEXAS
H. W. MADDEN, MAYOR

NOTICE

The Cemetery Association respectfully requests that you do not dump any more dead flowers, wire, etc. along the South edge of the Cemetery. We will be glad to haul this to the dump ground and do, if you will place it where it is seen. The County maintainer tries to level the ground along the fence—but this rubbish just pushes it along. It would be much easier if you would just pile it where the pickup man can see it.

Also the Spring Cleanup will start in a few days and if you are delinquent, we would appreciate your checking into this. We do not wish to miss any work, but some pay and others do not.

Thank You,

week. Other activities included a style show Monday in the HHS auditorium.

Many members of HHS have been practicing tennis in order to try out for the tennis team. Girls trying out are Kay Hodnett, Judy Jenkins, Margaret Cooper, Geneva Ward, and Donna Compton. Boys trying out include Johnny Snapp, Danny Contreras, Rickey Acklin, Jimmy Hawkins, Randy George, Rudy Mendoza, Keith Bundas, Terry Sutton, Junior Solis, and Donnie Jones.

Something new has been added to HHS. The Student Council has started publishing a school newspaper. The paper will be published every two weeks.

Kids, we are going over that measure until you play it right," explains Mr. Jones. Everyday the band accomplishes a little more on numbers which they will play at UIL Concert Contest April 16, in Sweetwater. They are working hard, so let's back them all the way to a First division.

Wednesday was a big day for members of the band. The

entire afternoon was devoted to a band clinic. The band members practiced the music they will be using at contest.

Students milled in and out of the high school building Saturday, when the District Literary Meet was hosted by Hamlin.

Winners from Hamlin High School include Joyce Putnam, first in girls extemporaneous speaking; Linda Cox and Tommy Oliver, first in persuasive speaking; Quinzell Willis, second in poetry interpretation; Mike Rountree, second in slide rule; Roberta Douglas and Peggy Covington, first in spelling. Results of the ready writing contest will be known later this week.

Easter guests in the home of Mr. and Mrs. G. W. Drummond are David Drummond H-SU and Mr. and Mrs. Don Drummond of Petersburg.

Mrs. Mildred Hymer and Mrs. Jackie Fletcher attended an educational day program at the Windsor Hotel Sunday, sponsored by Texas Hairdressers and Cosmetologists Association.

WTU NOTEBOOK-PATTERNS FOR PROGRESS

The Area Development Department - a WTU community service

WHY WTU HAS AN AREA DEVELOPMENT DEPARTMENT

- As a service organization, we have a basic responsibility to assist the communities we serve to grow and develop to their full potentials and capabilities.
- We have one basic product to sell — electricity — the area we operate in must grow if we are to grow.
- We have an investment in each community we serve, we are anchored in that community — unlike other companies which can move their plants and equipment elsewhere.

WHAT THIS DEPARTMENT IS ORGANIZED TO DO

- Assist in the planning of community development and improvement programs and in making community audits, surveys and analyses.
- Assist in forming industrial foundations and districts, in selecting plant sites, and advising on planning.
- Assist in preparing statistical data, advertising material, and in organizing and training industrial teams.
- In industrial development, we prepare market analyses for prospects, make detailed studies on factors affecting plant site location, and make personal calls on prospects for the communities.
- Conduct an active program of direct mail and personal calls on industries that might locate in our service area.

THE LOCAL WTU MANAGER — HIS VALUE TO YOU

- As a local businessman, along with others in the community, he is interested in its growth and development.
- He devotes his time and services on community programs and projects.
- He is YOUR contact with WTU.

- Ask your WTU local manager for additional information and services available.

As a leader in Congress, Burleson has consistently urged the return to a sounder fiscal policy and the cutting of unnecessary and extravagant federal spending.

"I have tried to see that your tax money is spent as wisely and as judiciously as you would have spent it had you been in my place," Burleson said. "The record will definitely show that on many occasions I have found myself in the minority — especially on needless spending of the taxpayers' money. I am proud that I have never failed to exercise the right to vote and to do as I thought best."

"At every session of Congress, I have voted for expenditures below that recommended by the Executive Department, and far below that actually appropriated by the Congress, except in the field of National Defense," Burleson said.

"When it comes to the defense of this Country I have

always voted for those things calculated to make and to keep our Nation stronger than any other in the World," he said.

Burleson said he feels there are those other things for which the Government was designed and, of course, it costs money. "Such things as the conservation of our natural resources — caring for God's gifts to people that they may be preserved for future generations," he said.

Burleson also said that the individual, groups of individuals or local governmental entities are unable to cope with matters of flood control and, in many cases, an adequate water supply. "We have got to look to the future if our area progresses. For one thing, this means water is a priority concern."

"The Federal Government has assisted our area in numerous respects in coping with some of these problems. We have our share of flood control projects and our share of attention to those now in the planning stage. An example is the effort to find an answer to the flood threat in Abilene and several other places."

"An example of other Federal activity in our area is, of course, our military installations, new Post Office buildings and other Federal inter-

ests which are proper and needed."

Further, Burleson said that he "certainly subscribes to the idea that the Government should help the elderly and those people who are unable to help themselves."

Burleson has been an implacable foe of the constant encroachment of the Federal Government into the area of State and local affairs.

"As the Federal Government has grown to its colossal proportions, the threat of centralized power in Washington has increased," Burleson pointed out. "To this I am opposed, as my actions have proved."

"Big Government and high taxes are the result of many activities of the Federal Government which should be reserved to the States. Big Government with its far-flung operations has created needless waste and extravagance," Burleson stated he was proud of the "trust and the confidence placed in me by the people who send me to Congress — and to violate that trust in any respect would be unthinkable."

He urged residents of the 17th District not familiar with his background of service to investigate the record he has made — "And if you believe I have been faithful to duty and worthy of your continued support, then your active participation in my campaign will be greatly appreciated."

Well-known throughout Texas, Burleson is a native of the 17th District. He was born and raised on a farm between Anson and Stamford in Jones County. He attended rural school, and graduated from Anson High School. Following graduation, Burleson attended Abilene Christian College, Hardin-Simmons University, and graduated from Cumberland Law School. Later, he studied postgraduate law at the University of Texas.

Burleson married Ruth DeWeese, daughter of Reverend R. D. DeWeese, who pastored Baptist Churches in West and South Texas.

CHARLES CONNALLY, OWNER

Why hasn't Mrs. Reba Hays missed a day's work since May 10, 1951?

Mrs. Hays is an operator for Southwestern Bell in Fort Worth. She hasn't missed a day's work since May 10, 1951. You have to have some pretty good reasons to work 15 years without being absent one day. You have to have what we at Southwestern Bell call the "spirit of service." Mrs. Hays has this spirit.

"I've been very lucky to keep in good health," says

Mrs. Hays. "And something else that helps is liking my job. It's the company's responsibility to give the customer good service. As an operator, that's my responsibility, too."

Mrs. Hays and 50,000 other Southwestern Bell people have one thing in common. They're making your telephone service—already the world's best—even better.

One day it is cold then next day it is hot, maybe Spring will soon be here, still no rain. Who said our town wasn't growing, there is a house being moved in on a lot this afternoon and I hear by the grape vine that there is to be a new house built soon, surely hope so.

Mrs. Kenneth Leverett is in Hamlin Hospital with the flu, but was feeling better at this writing. Mr. Faye Doizer is

thing will be fine.

Mrs. Doris Morton of Farwell is visiting this week in the Med Herron home.

Micki Douglas has recovered nicely from her surgery and working for Southwestern Bell in Sweetwater as a Service Receptionist.

Little Judy Selt of Roby, grand daughter of Mr. and Mrs. Henry Cook spent several days in Hamlin Hospital but was much better on Sunday.

Mr. and Mrs. Stanly Combs of Ind. are visiting her father, E. C. Kiser. Cathy and Stanley Ray are visiting the Freddy Kiser family in Trent.

Mrs. Roy Kiser is in Abilene with that new grandson, Johnny Roy, that got here on Mar. 29.

Mrs. Grace Brewer of Abilene spent the weekend with friends.

Mary Lois Patterson will be home with Mr. and Mrs. LaFoy Patterson for Easter. She attends H-SU in Abilene.

Neinda Philosopher Wants Guaranteed Income All Right, But No Guaranteed Amount of Work

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has discovered an interesting piece of news, his letter this week reveals.

Dear editor:

According to a newspaper which once more I had to go to town and buy, this makes twice this year and proves for sure these are uncertain times we're living in, the newest suggestion out of Washington is that everybody ought to have guaranteed income.

While it's still only in the planning and talking stage, as I understand it the Federal government would guarantee that everybody has an annual income of at least \$3,000. I don't know how the figure of \$3,000 was decided on, but I wouldn't quarrel with it, it's a good round sum, although actually you can print \$4,000 or \$5,000 in the same space, doesn't cost anymore from a printing standpoint and

would produce a lot more buying power.

The article I read said the details haven't been worked out yet, and this is what worries me.

What I mean is, say they settle on \$3,000, I won't argue about that, I not only never did like to look a gift horse in the mouth, I've never been very fond of looking any horse in the mouth, in fact I've never even been fascinated by looking under the hood of a car. No use worrying about the figure, if one man can get elected Congressman promising \$3,000, another can beat him promising \$4,000, the idea is to get the program going, when we need the figure increased somebody will be around to run on it, everybody knows dependability is supposed to be rewarded with a raise. But it's the details that I'm interested in.

For example, how do I know some smart alec in Washington isn't going to say, Look, if we're going to guarantee him an annual income, why shouldn't we make him work for it. Why not a minimum of 40 hours of work a week? That's what I'm talking about. A guaranteed minimum income is one thing, but requiring so many hours of work a year to get it is none of the government's business. Have-

Car Inspection Deadline, April 15, Nears: Hammett

Midland — "April 15th is the deadline for securing the new vehicle inspection sticker," said Captain R. M. Hammett, Commander for the Motor Vehicle Inspection Service of the 49 county West Texas Region of the Texas Department of Public Safety.

"Many motorists have not had their vehicles inspected as yet, and long lines will begin forming in the near future if motorists do not start coming in to the certified inspection stations.

There is no need for anyone to have to pay a fine for not having a valid inspection sticker, if our motorists will only go in before the deadline of April 15th. The fine for operating without a valid inspection sticker is a misdemeanor, punishable, upon conviction, by a fine from \$1.00 to \$200.00.

There are 610 certified State Inspection Stations within the 49 county Midland Region, which is adequate to take care of all the vehicles to be inspected," Hammett said.

Rolling Plains Cotton Growers Urging May 23 Planting Date

As the time for early planting of cotton draws near, there is much activity by community farm leaders in the 31 counties of the Rolling Plains of Texas to discuss the advantages of a uniform planting date for their particular communities. While there is some difference of opinion as to delaying planting until May 23rd, the majority of farmers are agreeing to May 23rd or later for cotton planting this year. Seventeen counties thus far have had called meetings for the purpose of selecting a uniform date for planting. The latest of these was the Tuscola community of Taylor County. Some publicity has been given to the effect that Taylor, Fisher, Scurry and other counties neighboring to Jones County had greater production increases than did Jones County last year. This has had the effect of somewhat discrediting the effect of the uniform planting period observed in Jones County. The fact remains that, although Jones County was the only county organized to plant together last year, Taylor, Fisher, Scurry and other counties were also planted delayed and uniform because of the May and early June rainfall.

The Tuscola community recognized this fact and met last Tuesday night at which meeting they agreed to plant on May 30th and after for this year. Mitchell and Fisher counties have meetings called in the near future to study the advantages for their communities. The boll weevil control program as progressing under the leadership of the Rolling Plains Cotton Growers is highly dependent on a uniform planting date for cotton. Where all growers in a community or area plant about the same time, the total length of the boll weevil's reproductive period will be reduced to a minimum.

REV. HERBERT LAND
... to lead revival

Nazarene Church Spring Revival To Start Apr. 8

The spring revival at the Church of the Nazarene will be held April 8-17 with services each evening at 7:30 on weekdays and Sunday services at 10:45 a.m. and 7 p.m. The evangelist, Rev. Herbert Land of Austin, is a veteran of over forty years in the ministry and is now devoting full time to evangelism in the Church of the Nazarene.

A native of Texas, his father was a pioneer Nazarene pastor. He was educated in public schools in Temple, studied theology at Bethany Nazarene College, Bethany, Okla. He started his pastoral career in 1924 and served churches in Texas and Oklahoma.

He has preached for more than 100 revivals in Texas and has also evangelized in other states in the Southwest. He was ordained by the Abilene District and was commissioned as an evangelist by the same district.

Rev. Bill Morris, pastor of the Church of the Nazarene in Rotan will be the singer. The entire community is invited to attend and participate in these special pre- and post-Easter services, according to the pastor, Rev. Marshall Stewart.

No Changes Made On City Council

Bill D. Davis and Edward Gardner, aldermen, and Mayor Hollis W. Madden, were returned to their respective offices in the City election Tuesday.

School Trustees Re-elected; Write-In Fails

Three incumbents were returned to the Hamlin Board of Education in a heavy voter turnout in a no-contest race here Saturday.

Re-elected were Dr. M. L. Smith, 218; Bill Harbert, 211; J. E. McCoy, 179. Write-ins were Eddie Jay, 47; Revis Robertson, 2; and Dr. E. J. Hawkins, 2.

J. E. (Rod) Brown was re-elected county trustee from Precinct 1.

A. B. Carlton was election judge. Clerks were Mrs. J. O. Murphree and Mrs. C. C. Prater. 225 votes were cast.

Madden received 251 votes. He was unopposed in his bid for re-election.

Davis received 184 votes, Gardner, 181, Guy L. Weaver, 74, and E. C. (Bill) Feagan Jr., 53.

Some School Choice Forms Still Not Returned

There has been good response to the schools request for choice of school information as the forms have been returned in good numbers.

Although a good number of the choice forms have been mailed in, there are still some that need to be returned.

Superintendent C. F. Cook said that all forms had to be returned. A choice form for every student attending Hamlin schools has to be on file. Extra copies are available at the superintendent's office.

PRE-SCHOOL VISITATION DAY PLANNED HERE THURSDAY, APR. 14

A pre-school visitation day for the Hamlin School District has been set for Thursday, Apr. 14, according to school officials.

All children who will be in the first grade next year are invited to visit the primary school from 8:30 to 1:00, along with their mothers.

The children will need to bring 30 cents to eat in the school cafeteria, according to Mrs. Fred Smith, primary school principal. They will also need to bring their birth

certificates in order to register for the coming year.

A short program will be conducted in the cafeteria by Mrs. Harold Johnson, president of the Parent-Teachers Association. A musical number, "Spring Holiday", will be presented by second grade pupils under the direction of Mrs. Willard Maberry, public music teacher.

Mrs. Wallace, school nurse, will hold the pre-school clinic at the Primary Cafeteria at 1:00 the same day. Dr. E. D. Perrin will be there for physical checks and Dr. J. E. Harrison, D.D.S., will examine each child's teeth. Mrs. Wallace states all children who need Smallpox vaccinations will be given them at this time.

The P-TA members will assist the school personnel in the registration and the pre-school clinic.

Three Attend Reading Meeting

Three Hamlin Primary School teachers attended a reading conference held at Midwestern University in Wichita Falls Saturday, Apr. 2. Dr. William D. Shelton, director of the Reading Laboratory of Syracuse University, Syracuse, New York, gave the morning address on "Remedial Reading and the Regular Classroom Teacher." He was also the featured speaker at the luncheon.

Dr. Evelyn Thompson, of the University of Houston spoke at the elementary teachers sectional meeting.

Attending from here were: Mrs. C. E. Connally, Mrs. Joe Norton and Mrs. Leldon Clifton.

Mr. and Mrs. Don Shivers, Lennie and Keith of Unis, N. M. and Mike Shivers of Baylor will be in the home of Mr. and Mrs. L. W. Shivers for Easter.

Connally Ford To E. Lake Drive

Connally Ford Sales early this week completed the move into a new location at 47 East Lake Drive.

The new location will offer greater accessibility to the motor company's customers on the corner of East Lake Drive and Southeast Ave. A, according to the owner, Charles Connally.

Why Our Schools Need More Room

By BOB CRAIG

The Hamlin Independent School Board Trustees have been studying for several months ways to provide additional space for the local school system and named a citizen's advisory committee to aid them in coming up with the answer.

Mrs. Bill Early New Jaycee-ette President Here

Mrs. Bill Early was elected president of the Hamlin Jaycee-ettes at the Tuesday evening meeting in the home of Mrs. James Harrison.

Other officers include Mrs. Johnny Jeffries, vice president; Mrs. Muri Don Smith, secretary; Mrs. Horton Brandon, treasurer; Mrs. Herbert Lauey, reporter; Mrs. C. R. Franklin, parliamentarian; Mrs. Bill Chapman, historian; Mrs. Joe Ford, state director.

Appointed as chapter directors were Mrs. Dewey Nunley and Mrs. Guy Weaver. Installation of officers will be held jointly with the Jaycees Monday, May 9, at J's Cafe.

The members also voted to change the meeting time to the second Monday of each month rather than the first Tuesday.

The question probably in the minds of most of the people within the district is why does the school need so much additional space since the enrollment has not changed one way or the other in the past ten years.

In the first eight grades the principle needs are eight additional rooms — one for each grade. This need was brought on for the most part by integration. The influx of students from DePriest has been enough to cause the need for four classes per grade while these grades have been operating with three classes plus the class at DePriest.

This causes no additional classes in the system but it does mean additional classes in the primary, elementary and Junior high buildings.

Other needs in the first eight grades include three utility rooms — one for each of the three buildings — for work rooms and for the use of visual aids. Also needed under the requirements of the State is a junior high science laboratory and a central library for the use of all eight grades.

In the high school the needs include a science laboratory and additional rooms for teaching regular classes.

A look at the report prepared by the school officials

and submitted to the School Board and to the citizens committee shows the following needs and causes:

The Texas Education Agency requires a central library for junior high use with a qualified librarian.

The science program in grades seven and eight are substandard due to lack of a laboratory.

Primary and elementary schools have never had an empty room that could be used as a music room, room for visual aids, work room or library.

Book rooms are inadequate in the primary and elementary with fifth grade books kept in the junior high bookroom.

In the high school, one laboratory serves students in general science, biology, chemistry and physics with inadequate facilities.

Two temporary classrooms and a study hall have been constructed in the old gymnasium at high school.

Because of this, the facilities for a good physical education program are lacking.

Several teachers in high school do not have a room assigned to them, they meet classes in whatever room is available.

Playground space is inadequate at both primary and elementary.

Dressing room facilities for girls at junior high school is also inadequate.

The most surprising information to come out of the report is the fact that the

huge high school building has only seven regular classrooms in it. This does not include the homemaking department, the science department or the typing room. But this does have to take care of all of the English, history, mathematics and other such subjects. This is the reason that the two classrooms were added in the old gym. This is also the reason that several teachers have to go from room to room.

Basically the needs of the system are space, although the junior high building is in worse shape than any of the four buildings being used by the school.

In conclusion it would seem that the main reasons for the need for additional space are integration and the need to bring the system up to current educational standards.

Next week this column will look at the different possibilities being explored by the board to solve this urgent need.

Ballinger, Gloria Richardson, Colorado City, Dana Bland, Haskell.

Shorthand: Margorie Langston, Winters, Rita Woodard, Haskell, Darlene Sneed, Winters.

Number Sense, Larry Hensley, Winters, Pete Brewton, Colorado City, Telena Burk, Ballinger.

Science: Mike Magee, Winters, Tim Burson, Colorado City, Joe Fowler, Ballinger. Slide Rule: Marvin Gregory, Stamford, Mike Roundtree, Hamlin, Eddie Harvey, Stamford.

Those receiving first places in debate, extemporaneous speaking, persuasive speaking, poetry interpretation, and prose reading will go to regional contests in Lubbock Apr. 23.

First, second and third place winners in typewriting, shorthand and number sense advance to regional. First two places in science and slide rule compete at regional. Spelling and plain writing is not held on the regional level. Journalism, not held at district, will be held at Lubbock.

Results of the ready writing will be announced later as the papers were sent to Abilene to be graded. Local contestants in this event were Judy Jenkins, June Hill and Gil Lain.

Omar Burleson Seeks Re-election To Congress from 17th District

Omar Burleson, veteran Congressman from the 17th District, today pledged a vigorous, active campaign for the Democratic Primary nomination for re-election.

In announcing his plans to seek re-election, Burleson stated he will base his campaign on his record of nearly 20 years service in Congress. "In that time, I have never been a 'yes man' to anyone or any group, but have fulfilled my responsibility to vote on each issue for what I thought was in the best interest of our Country, our State, and our District; people have the right to expect no less," Burleson said.

Burleson is among the senior members of the U. S. House of Representatives in point of service.

His seniority has carried him to the Chairmanship of the potent House Administration Committee, and to the second position of the Chairman on the powerful House Foreign Affairs Committee. In addition, Burleson serves on two important Joint Committees formed from senior members of the House and Senate, as Chairman of one and Vice-Chairman of the other.

"In all my years in Congress," Burleson said, "I have

followed two guiding principles: First, to know the views of my constituents and reflect their sentiments to the greatest degree possible in my actions as their Representative. Second, to inform and advise as closely as I can on those issues which affect our District, our State, and the Nation."

Burleson termed his approach to government as one of "common sense," gained through his years of public service.

Burleson is a former County Attorney and County Judge

First Baptist WMS Studies New Mission Fields

New Foreign Mission Fields was the topic for the Tuesday morning program of the monthly business meeting of Woman's Missionary Society of First Baptist Church.

The mood was set for the idea of new seeds being sown as the program participants were dressed for yard work and seated in lawn chairs. Mrs. Byron Bryant was assisted by Mmes Tom Routh, O. H. Taylor, Harold Nelson, Joe Wayne Carter, Edgar Duican and Dickie Wallace. Garden tools were used in the interest center to carry out the theme of spring planting.

Mrs. Bill Keck presented special music.

Mrs. Cary Young conducted the closing prayer.

Earl Partain of Littlefield visited in the home of Mr. and Mrs. R. W. Higdon over the weekend.

Lou Ann Hawkins, daughter of Dr. and Mrs. E. J. Hawkins is home from SMU for Easter.

Johnnie and George Stovall, both attending Baylor, will be home with Mr. and Mrs. H. S. Stovall for Easter.

BILLY ACKLIN
... In submarine service

Billy Acklin Now On Nuclear Sub

Yeoman Third Class Billy C. Acklin, USN, 21, son of Mr. and Mrs. Ike D. Acklin, 628 N. E. Ave. A. and husband of the former Miss Brenda A. Renfro, 244 S. W. Ave. E., is now serving with the Blue Crew of the nuclear-powered fleet ballistic missile submarine USS Thomas E. Edison, operating out of Holy Loch, Scotland.

Ballistic missile submarines maintain two separate crews. One crew takes the submarine on patrol, while the other crew remains ashore for additional training, and time at home with their families.

The atomic submarines are on constant patrols beneath the seas providing mobile launching pads for missiles capable of traveling more than 1,500 miles. The submarine carries 16 missiles whose targets have been designated in the event of an enemy attack.

Billy has been on active duty for about one year of his six-year enlistment. He was first stationed at San Diego, Calif. Then he transferred to New London, Conn., for schooling in the submarine service. Out of 180 men in his class, he finished with the third highest grade.

During the two months under water he can only receive (and not send) messages.

Mrs. Acklin is making her home in Hamlin at 100 N. E. First Street. They have two children, Christi, 2, and Tammy, 4 months.

BIRTH

Mr. and Mrs. Jerry Mac Stevenson are parents of a girl, Stacy Jo, born Apr. 3 at 7:44 p.m. She weighed 8 lbs. 12 oz.

Boy, What a Week! This was what the Juniors and Seniors were saying last week as we worked on the play. The gym was an odd sight, in every corner a Junior or Senior was busy doing something. Some even tried memorizing their parts in the play. Saturday was the big day. The curtains opened that evening for two hours of enjoyment for the folks attending. Even though it would be hard to get us to admit, we even had fun.

The Junior High students took a field trip Friday to visit the Health Fair in Abilene. According to the reports everyone had a great time and even learned a few things, including the mothers and teachers who went along.

Monday, things were getting back to normal. We Juniors and Seniors are kind of hard to control as we mark off the remaining days till the trip. Few of us have to be reminded Thursday is the day we take off to Houston and wherever else our money will take us. Don't be alarmed if

Farm Bureau to View Candidates

W. N. West, president of Jones County Farm Bureau, announced this week the final plans for a "Measure-the-candidate" program to be sponsored by Taylor County Farm Bureau on April 15, and aired over KDWT of Stamford, KBST of Big Spring, KRBC of Abilene, and KIDWD of Brownwood. The meeting will begin at 7:30 at the Abilene Auction and will be broadcast from 8:00 to 9:00 p.m.

Candidates who have indicated they will be present to

participate in the meeting include: Congressman Omar Burleson of Anson and Eldon Mahon of Abilene, candidates for the 17th Congressional District seat, and Representative Roy Arledge of Stamford and Frank Calhoun, of Abilene, candidates for the 62nd Representative District.

Each candidate will be given an opportunity to state his position, or opinion, on a number of issues on which Farm Bureau has adopted policies. The candidates will be asked their positions concerning some of these issues: compensatory payments, apportionment,

compulsory unionism, minimum wages, animal health, Farm-to-Market roads, taxes compulsory check-off, and firearms.

West emphasized that Farm Bureau does not endorse any candidate for any political office. The meeting is being held only for the purpose of permitting Farm Bureau members to learn more about all the candidates. The county Farm Bureau president said that strict ground rules would govern the conduct of the meeting to avoid discriminating against any candidate.

FAIRVIEW NEWS ...

By Mrs. Elmer Joiner
This Monday morning dawned with another cool, dry norther, which blew in Sunday morning. All we have received in weather changes have been dry northers and when they start coming, we just do not get any rain, but we are still looking and hoping.

Our sick folks are all improving. Mr. Holmes still has another week of "chair rest," but is doing good and hopes to be up and around soon. The doctors in Temple advised bed rest, but his local doctor knowing how a farmer hates to stay in bed, gave him permission to use his reclining chair, provided he would stay in it.

It would sound like a roll call of the whole community to name all of the visitors that the Holmes have had since last Sunday, so will just report that they have had lots of company and they wish to say that they have appreciated every one of them. It makes the long hours go faster, when you know that your friends are thinking of you when you are ill. We all hope that he will soon be out again, feeling much better.

Mrs. Holmes went to Sunday School Sunday morning, leaving Mr. Holmes long enough to teach her class. Was so good to have her back again after being absent two Sundays.

Rev. R. M. Babb, of Sylvester, preached at both services Sunday. He was accompanied by his wife and they took lunch with the Winslow Grays. It seems that the Grays and Babb are almost kin, some of their kindfolks married, and they had become acquainted with each other at family reunions in the past. Mrs. Babb is the news correspondent from Sylvester, for the paper.

We were all sorry to learn yesterday that our former pastor's wife, Mrs. Kenneth Leverett is in the hospital with a case of flu.

The Levetts moved Saturday, from Hamlin to the parsonage at Sylvester. The men of the church moved them, but one of our men, H. L. Ford, helped also.

Last Monday, Sonny Joiner, spent a few hours and ate lunch with his brother, Mr. and Mrs. Elmer Joiner. He was enroute home to San Antonio, from Lubbock, where he had visited with his sister, Mr. and Mrs. Henry Kee.

Mr. and Mrs. Henry Kee were weekend visitors of the Elmer Joiners. Mrs. Kee made her first trip since her recent surgery, she is doing good, although will take a while yet

for all complications to clear up.

Mrs. Jack Wright and children came over Friday and spent the day with her parents, the Flavil Holmes.

Mr. and Mrs. Roy Watts, Mr. and Mrs. Fred Rosenbaum and Mr. and Mrs. Winslow Gray all attended the singing at Anson, Sunday afternoon. They reported that they had a good singing, which they always do.

The H. L. Fords, Fred Rosenbaums and Joe Fords, were talking Sunday about the big time they had Saturday night at the H. L. Fords playing 42. The farmers have to take out sometimes for relaxation and what better way than get together for some 42 games.

The church set Wednesday night to meet and have a business meeting, since we have not had one recently, also to discuss trying to call a pastor. We have enjoyed having and hearing so many different preachers, has been almost like having a weekend revival every Sunday, but a church needs a pastor and we have been without long enough. It is time to stop and consider trying to get some of the men we have had come before us and we have had some good ones. As far as we are concerned we might take any of them, but the thing is would they come to us? This is what we have to find out in our service Wednesday night.

Eleven Jones Co. HD Women Attend District Meeting

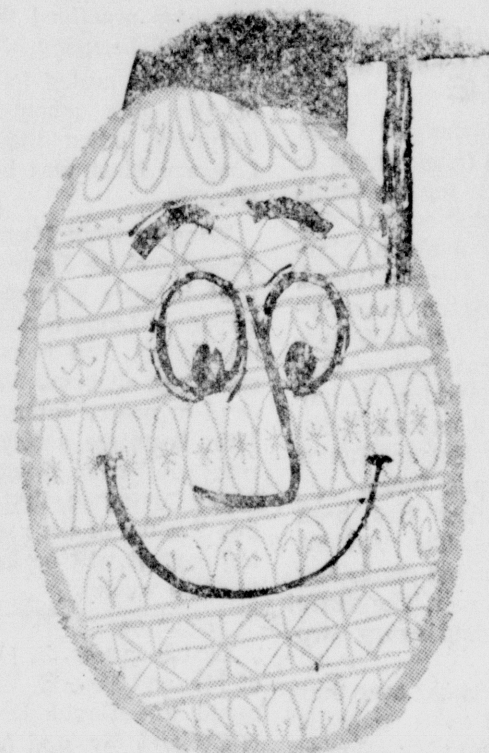

Eleven Jones County home demonstration women attended the District III Texas Home Demonstration Association Annual Spring Meeting at Breckenridge.

The theme "Lighting the Way for Tomorrow" was used in the day's program. Mrs. H. H. Dunklin, Jones county THDA chairman served as chairman of the election committee.

An invitation was extended for the Annual Spring District Meeting to be held in Jones County in 1967.

The state THDA meeting will be held on Sept. 20-22 at Corpus Christi. Three Jones County delegates to attend that meeting will be elected in July.

The women attending from Jones county were Mrs. Dunklin, Ethel Rowell, Mrs. H. A. Haynes, Mrs. C. L. Moritz, Mrs. Maxey Harvey, Mrs. Charlie Myatt, Mrs. C. R. Foster, Miss Louise Hudson, Mrs. Ted Hudson, Mrs. Vernon Hudson and Mary Y. Newberry, Jones County home demonstration agent.

HAMLIN, TEXAS
H. W. MADDEN, MAYOR

NOTICE

The Cemetery Association respectfully requests that you do not dump any more dead flowers, wire, etc. along the South edge of the Cemetery. We will be glad to haul this to the dump ground and do, if you will place it where it is seen. The County maintainer tries to level the ground along the fence—but this rubbish just pushes it along. It would be much easier if you would just pile it where the pickup man can see it.

Also the Spring Cleanup will start in a few days and if you are delinquent, we would appreciate your checking into this. We do not wish to miss any work, but some pay and others do not.

Thank You,

WTU NOTEBOOK—PATTERNS FOR PROGRESS

The Area Development Department

- a WTU community service

WHY WTU HAS AN AREA DEVELOPMENT DEPARTMENT

- As a service organization, we have a basic responsibility to assist the communities we serve to grow and develop to their full potentials and capabilities.
- We have one basic product to sell — electricity — the area we operate in must grow if we are to grow.
- We have an investment in each community we serve, we are anchored in that community — unlike other companies which can move their plants and equipment elsewhere.

WHAT THIS DEPARTMENT IS ORGANIZED TO DO

- Assist in the planning of community development and improvement programs and in making community audits, surveys and analyses.
- Assist in forming industrial foundations and districts, in selecting plant sites, and advising on planning
- Assist in preparing statistical data, advertising material, and in organizing and training industrial teams.
- In industrial development, we prepare market analyses for prospects, make detailed studies on factors affecting plant site location, and make personal calls on prospects for the communities.
- Conduct an active program of direct mail and personal calls on industries that might locate in our service area.

THE LOCAL WTU MANAGER — HIS VALUE TO YOU

- As a local businessman, along with others in the community, he is interested in its growth and development.
- He devotes his time and services on community programs and projects.
- He is YOUR contact with WTU.

Ask your WTU local manager for additional information and services available.

tic and the Pacific.

As a leader in Congress, Bur-
leson has consistently urged
the return to a sounder fiscal
policy and the cutting of un-
necessary and extravagant
federal spending.

"I have tried to see that
your tax money is spent as
wisely and as judiciously as
you would have spent it had
you been in my place," Bur-
leson said. "The record will de-
finitely show that on many oc-
casions I have found myself
in the minority — especially
on needless spending of the
taxpayers' money. I am proud
that I have never failed to
exercise the right to vote and
to do as I thought best."

"At every session of Con-
gress, I have voted for ex-
penditures below that recom-
mended by the Executive De-
partment, and far below that
actually appropriated by the
Congress, except in the field
of National Defense," Bur-
leson said.

"When it comes to the de-
fense of this Country I have

always voted for those things
calculated to make and to
keep our Nation stronger than
any other in the World," he
said.

Burleson said he feels there
are those other things for
which the Government was de-
signed and, of course, it costs
money. "Such things as the
conservation of our natural
resources — caring for God's
gifts to people that they may
be preserved for future gen-
erations," he said.

Burleson also said that the
individual, groups of individ-
uals or local governmental
entities are unable to cope
with matters of flood control
and, in many cases, an ade-
quate water supply. "We have
got to look to the future if
our area progresses. For one
thing, this means water is a
priority concern."

"The Federal Government
has assisted our area in num-
erous respects in coping with
some of these problems. We
have our share of flood control
projects and our share of at-
tention to those now in the
planning stage. An example
is the effort to find an answer
to the flood threat in Abilene
and several other places.

"An example of other Fed-
eral activity in our area is, of
course, our military installa-
tions, new Post Office build-
ings and other Federal inter-

ests which are proper and
needed."

Further, Burleson said that
he "certainly subscribes to
the idea that the Government
should help the elderly and
those people who are unable
to help themselves."

Burleson has been an impla-
cable foe of the constant en-
croachment of the Federal
Government into the area of
State and local affairs.

"As the Federal Govern-
ment has grown to its colossal
proportions, the threat of cen-
tralized power in Washington
has increased," Burleson point-
ed out. "To this I am opposed,
as my actions have proved."

"Big Government and high
taxes are the result of many
activities of the Federal Gov-
ernment which should be re-
served to the States. Big
Government with its far-flung
operations has created need-
less waste and extravagance."

Burleson stated he was
proud of the "trust and the
confidence placed in me by the
people who send me to Con-
gress — and to violate that
trust in any respect would be
unthinkable."

He urged residents of the
17th District not familiar with
his background of service to
investigate the record he has
made — "And if you believe I
have been faithful to duty and
worthy of your continued sup-
port, then your active partici-
pation in my campaign will be
greatly appreciated."

Well-known throughout Tex-
as, Burleson is a native of the
17th District. He was born and
raised on a farm between An-
son and Stamford in Jones
County. He attended rural
school, and graduated from
Anson High School. Following
graduation, Burleson attended
Abilene Christian College,
Hardin-Simmons University,
and graduated from Cumber-
land Law School. Later, he
studied postgraduate law at
the University of Texas.

Burleson married Ruth De-
Weese, daughter of Reverend
R. D. DeWeese, who pastored
Baptist Churches in West and
South Texas.

Why hasn't Mrs. Reba Hays
missed a day's work since May 10, 1951?

Mrs. Hays is an operator for Southwestern Bell in Fort
Worth. She hasn't missed a day's work since May 10,
1951. You have to have some pretty good reasons to
work 15 years without being absent one day. You have
to have what we at Southwestern Bell call the "spirit
of service." Mrs. Hays has this spirit.

"I've been very lucky to keep in good health," says

Mrs. Hays. "And something else that helps is liking
my job. It's the company's responsibility to give the
customer good service. As an operator, that's my
responsibility, too."

Mrs. Hays and 50,000 other Southwestern Bell people
have one thing in common. They're making your tele-
phone service—already the world's best—even better.

Southwestern Bell

One day it is cold then next day it is hot, maybe Spring will soon be here, still no rain. Who said our town wasn't growing, there is a house being moved in on a lot this afternoon and I hear by the grape vine that there is to be a new house built soon, surely hope so.

Mrs. Kenneth Leverett is in Hamlin Hospital with the flu, but was feeling better at this writing. Mr. Faye Doizer is

thing will be fine.

Mrs. Doris Morton of Farwell is visiting this week in the Med Herron home.

Micki Douglas has recovered nicely from her surgery and working for Southwestern Bell in Sweetwater as a Service Receptionist.

Little Judy Self of Roby, grand daughter of Mr. and Mrs. Henry Cook spent several days in Hamlin Hospital but was much better on Sunday.

Mr. and Mrs. Stanly Combs of Ind. are visiting her father, E. C. Kiser. Cathy and Stanley Ray are visiting the Fredy Kiser family in Trent.

Mrs. Roy Kiser is in Abilene with that new grandson, Johnny Roy, that got here on Mar. 29.

Mrs. Grace Brewer of Abilene spent the weekend with friends.

Mary Lois Patterson will be home with Mr. and Mrs. LaFoy Patterson for Easter. She attends H-SU in Abilene.

Holman Jones, student at Texas Tech will be at home with Mr. and Mrs. John K. Jones for Easter.

Elizabeth Cunningham, daughter of Mr. and Mrs. L. J. Cunningham visited at home last weekend and will be here for Easter.

Mr. and Mrs. Fred Carpenter attended the funeral of his nephew, E. S. Hill, in San Angelo Thursday.

Neinda Philosopher Wants Guaranteed Income All Right, But No Guaranteed Amount of Work

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has discovered an interesting piece of news, his letter this week reveals.

Dear editor:

According to a newspaper which once more I had to go to town and buy, this makes twice this year and proves for sure these are uncertain times we're living in, the newest suggestion out of Washington is that everybody ought to have guaranteed income.

While it's still only in the planning and talking stage, as I understand it the Federal government would guarantee that everybody has an annual income of at least \$3,000. I don't know how the figure of \$3,000 was decided on, but I wouldn't quarrel with it, it's a good round sum, although actually you can print \$4,000 or \$5,000 in the same space, doesn't cost anymore from a printing standpoint and

would produce a lot more buying power.

The article I read said the details haven't been worked out yet, and this is what worries me.

What I mean is, say they settle on \$3,000, I won't argue about that, I not only never did like to look a gift horse in the mouth, I've never been very fond of looking any horse in the mouth, in fact I've never even been fascinated by looking under the hood of a car. No use worrying about the figure, if one man can get elected Congressman promising \$3,000, another can beat him promising \$4,000, the idea is to get the program going, when we need the figure increased somebody will be around to run on it, everybody knows dependability is supposed to be rewarded with a raise. But it's the details that I'm interested in.

For example, how do I know some smart alec in Washington isn't going to say, Look, if we're going to guarantee him an annual income, why shouldn't we make him work for it. Why not a minimum of 40 hours of work a week?

That's what I'm talking about. A guaranteed minimum income is one thing, but requiring so many hours of work a year to get it is none of the government's business. Have-

n't we still got free enterprise in this country? Why should the long arm of Federal intervention be reaching out to check on how I spend my time? Hasn't Washington got something else to do? I tell you, Federal encroachment on the individual has got to stop.

After we get that work angle eliminated, you reckon there's any chance of getting a guaranteed free subscription to a newspaper included in the bill?

Yours faithfully,
J. R.

Car Inspection Deadline, April 15, Nears: Hammett

Midland — "April 15th is the deadline for securing the new vehicle inspection sticker," said Captain R. M. Hammett, Commander for the Motor Vehicle Inspection Service of the 49 county West Texas Region of the Texas Department of Public Safety.

"Many motorists have not had their vehicles inspected as yet, and long lines will begin forming in the near future if motorists do not start coming in to the certified inspection stations."

There is no need for anyone to have to pay a fine for not having a valid inspection sticker, if our motorists will only go in before the deadline of April 15th. The fine for operating without a valid inspection sticker is a misdemeanor, punishable, upon conviction, by a fine from \$1.00 to \$200.00.

There are 610 certified State Inspection Stations within the 49 county Midland Region, which is adequate to take care of all the vehicles to be inspected," Hammett said.
